Welcome to The Dance Center of Severna Park where our philosophy is to encourage all dancers through discipline and continuity to grow emotionally and physically through the art of dance. The Dance Center of Severna Park, DCSP, opened July 1, 2013 under the management of the Severna Park Community Center.

Our staff has many years of training and experience to help our dancers learn proper technique while encouraging self-confidence. Most of our teachers grew up locally and danced with Carter School of Dance where they were trained by Mary V. Carter.

The Center teaches children 3 years old through adult, beginner through advanced dancers, in year round classes. Most classes begin in September and culminate in a June recital, although a few classes are offered as 8 and 12 week sessions. All dancers are trained in Cecchetti ballet technique. We have a fabulous accompanist for most of our younger students which allows the teacher to remain focused on the class at all times and to change tempo as needed throughout the class without disrupting class flow. We believe our deep rooted history in the Carter philosophy for individual development is what sets DCSP apart.

Class List 2018/2019

All students are required to take a combination class, Ballet/Tap or Ballet/Tap/Jazz depending on age and experience. Combination classes run for 36 weeks and students will participate in a recital held in June. DCSP holds 4 recitals , 2 Junior and 2 Senior. Recitals are normally one of the 1st three weekends in June.

Ballet/Tap Combination Classes

The following classes normally participate in one afternoon (Junior) dress rehearsal and recital at the end of the year.

Beginning 4 & 5 Year Olds

Must be 4 by 9/1/18 to join this class
